Skills

Web

HTML5
CSS3
JavaScript
Ruby
React
PostgreSQL
Node
Express
Rails
Git
Heroku

Photo & Media

Adobe Suite
Capture One
Sony Vegas
Sketch

Interests

Photography
Tennis
Film history
Good books
Music listening
Video editing
Russian history
Language learning

Projects

[PC Wizard](#) - Rails, Devise, Bulma

I built a resource to help people build computers. The front and backend were built with Rails, user auth was made with Devise, and it was styled with Bulma.

[Marvel Character App](#) - React, Express, Node, PSQ, MarvelAPI

Users can view information on over a thousand characters and add their favorite characters to a separate list. This was a group project and I primarily worked on the React components and the styling.

[Spark Lines](#) - Express, Node, PSQ, NewsAPI

A minimalistic, single-page news aggregator. New articles appear at the top of the app and users can make article submissions.

[Terminal Hacker](#) - HTML, CSS, JS

A retro password hacking game, inspired by the mini game from the Fallout series.

Professional Experience

Circulation & Processing Asst. - Summit Free Public Library

July 2016 to January 2018 - Summit, NJ

Efficiently cataloged materials, provided in-person assistance, and provided information on electronic resources and databases.

Photographer - Duro UAS

January to July 2017 - New York, NY

Photographed events, staff portraits, and promotional materials. Organized photo shoots, assembled equipment, and performed editing duties.

Education

General Assembly

Web Development Immersive Certificate

February 2018 - May 2018

The College of New Jersey

B.A. in Public & Mass Communication

August 2013 - May 2015

Union County College

A.A. in Liberal Arts

January 2011 - May 2013
